

Satellite radio provides variety and quality of programs and services that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear.

I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand, deserve and pay for. As a subscribing member of Satellite Radio my money should not be dictated by the NAB.

Sincerely,

Buddy Browne
